DR. KRYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS WITHOUT GHARGE, FOR ALL THOSE WHO NEED HIS MEDICINES. ATTEND TO YOUR COLDS -A case of five years miding cured by DR. REYSER'S PROTORAL SYRUP

Dr. Kryssn: My wife has been afflicted with a bad cough and difficulty of breathing, for five or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditury, and ahe had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bettle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose I express my entire antisfaction, with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fifth Ward.

DR. KEYSER:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indeacribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be afflicted with coughs, colds and hourseness of any hind, and for the peculiar qualifications for removing all that disagreeable servation attending a severe cold.

were cold.

I have been, more or less, in my life, affected with the severat of colds and hourseness. At times my throat would become so closed as to prevent any speaking above a whisper, and by taking a few doses of the above flyring it would relieve me entirely.

In recommending this medicine, I must unbestimingly In recommending this medicine, I must unhesitating; say that it is the best remedy I ever found, purporting is cure the above, nor should any family be without this remedy for diseases so prevalent.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the name that I have ever taken.

COL. PRATT AND DR KEYSER'S PECTORAL SYMUP.—Da. Keyser—Dear Sir. Excuse the delay of my acknowledging the excellence of your Pectonal Cough syrup scener. I take great pleasure in saying that it is all you say it is. **Attacked the scoice out of very cough and the worst one I was ever afflicted with I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any confideration, or at any cost. I am confident I can breather more freely than I ever did. I shall always school ledge a debt of graftinds for inventing so execulant a remedy. You are at liberty to use my name in this regard, as you think proper. E. F. PRATT.

I had despaired of ever gotting well, and I think it should be been compared with a property of the prop it has done in my case. Witness-B. M. Kann.

ANOTHER NEW CERTIFICATE—DR. KEYRER'S PROTORAL SYRUP.—I had been troubled with a cough and cold for several weeks—so had was it that I could not sleep. "STOP THAT GOUGHING."—'How can I do it?" "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be deaperate indeed." This is a specimen of the collequy one hears almost every day in cold satching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral." in a most stubborn case, with entire success. Near two weeks ago we went to Pittabargh, with one of the most distressing, contrary, mulish, the subdashle coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole weak, in hopes of thring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strongth, potent oy and distressibility by the operation. In this stage of the steep, we coughed our way to Keyser's, 140 Wood St.—procured a fifty cent bottle of the "Pectoral;" took it according to directions, and in forty eight hours we were master of the field, the enemy having unconditionally surrendered, after a trief out annequal conflict with so formidable an adversary as Keyser's famous "Cough Pectoral."—Droceneville Chipper, Dec. 14, 1859.
